SL1-175	Stainless steel slide with wings	1.75-2m	3.33m	0.5m	72kg
SL1-225	Stainless steel slide with wings	2.25-2.5m	4.04m	0.5m	83kg

**Double Width**

Product Code	Description	Height	Length	Width	Weight
SL3-060	Stainless steel slide with wings double width	0.6-0.7m	1.32m	1.05m	87kg
SL3 - 090	Stainless steel slide with wings double width	0.9-1m	2.08m	1.05m	94kg
SL3-125	Stainless steel slide with wings double width	1.25-1.5m	2.60m	1.05m	120kg
SL3-175	Stainless steel slide with wings double width	1.75-2m	3.33m	1.05m	135kg
SL3-225	Stainless steel slide with wings double width	2.25-2.5m	4.04m	1.05m	180kg

Each of our stainless steel slides are delivered in one piece attached to a specially made pallet to make installation and delivery straightforward.

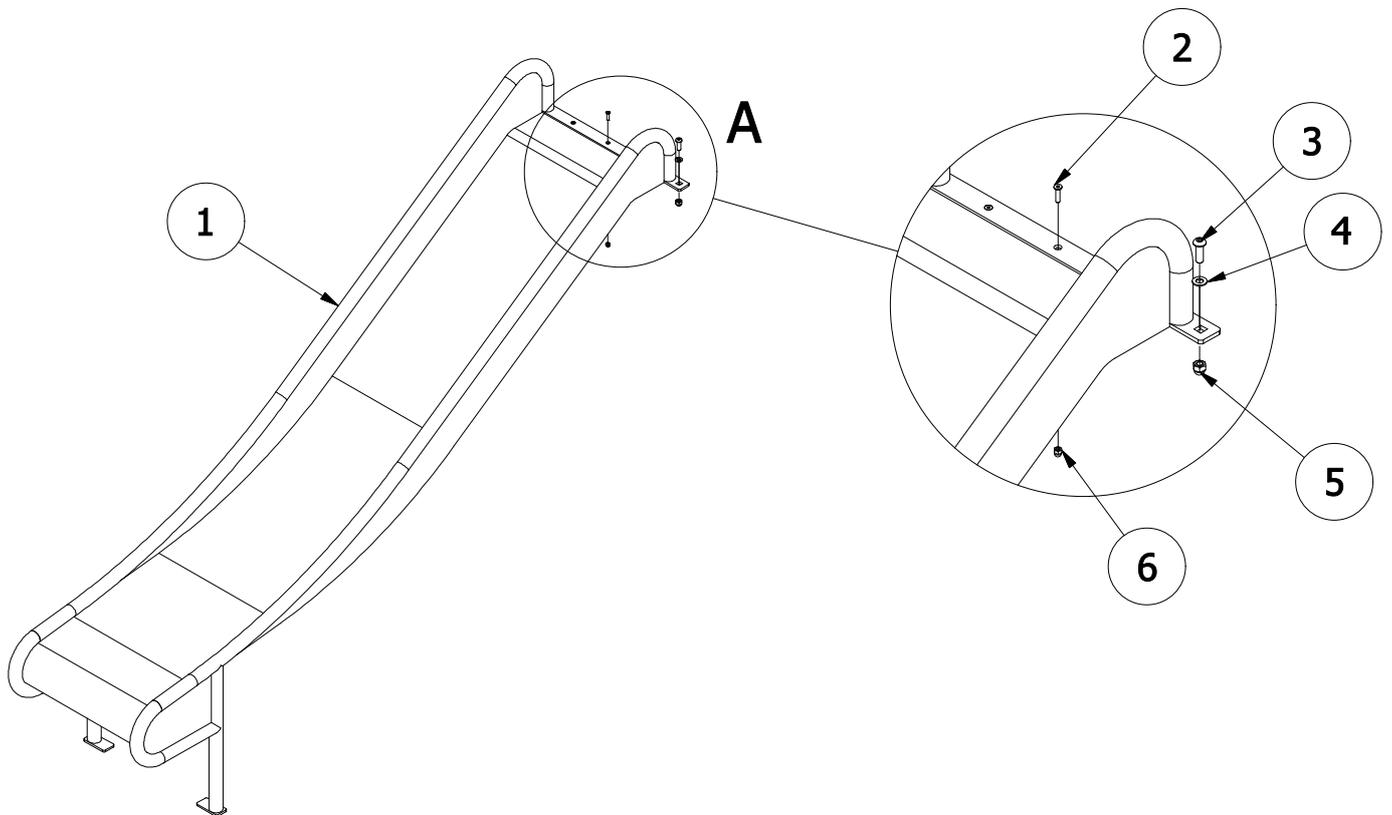

The slide can be fixed to the sliding platform by means of 2 large and 4 smaller fixings (as detailed below) with the base slide legs being simply concreted in. Please note NO fixings are supplied with the slide.

**Required fixings for platform mounting onto Hexadeck (18mm)**

- |   |                         |
|---|-------------------------|
| <b>1</b> - Chosen stainless steel slide | <b>4</b> - M10 Washer   |
| <b>2</b> - M6 x 25 CSK Socket Bolt      | <b>5</b> - M10 Dome Nut |
