### Who's going to prison?

The Uther play system features a wealth of different play activities. In addition to its two slides, Uther also includes the popular hanging prison with rubber slats – a place where children love to hide and tell tales to one another. From the coloured window panel on one of the towers, you can keep an eye on the imprisoned bandits, while the ship's wheel and the suspension bridge will come in handy on imaginative journeys out to sea.

### A play system for all ages

Children of all ages can access the maintenance-free play system using either the steps or the rope ladder. All models in the **Castle** series feature non-slip floors, ensuring that children have a safe surface to play on, even in the pouring rain.

### LEDON Castle is your guarantee of a high-quality playground

- Designed in cooperation with children to ensure the highest possible play value
- Developed using materials that require low maintenance
- Made in Denmark
- Short delivery times
- We prepare detailed design proposals to show what your new playground will look like.
- The entire Castle series is approved by TÜV SÜD in accordance with the latest EN 1176 standard
