A pirate ship for the smallest of pirates

Sally is a real pirate ship for the youngest children. Sally has been designed with and for the youngest children aged from about 1-4 years of age. Despite Sally's compact size, the ship is filled with play activities: an anchor that can be raised, a movable compass, a ship's wheel, rubber slats and so on.

A little ship with a lot of advantages

The big advantage of the pirate ship Sally is, among other things, that it can be delivered 98% assembled on a single pallet. All that needs to be done is for the ground anchor to be mounted, if necessary. The ship can stand without being secured, which allows it to be moved around or taken inside for the winter. The materials which are used to make Sally are 100% reusable, so that when Sally retires, she can become part of a new playground.
