An exhilarating pirate ship

Nathalie is one of the four medium-sized ships in the Pirates series together with **LP120 Halifax**, **LP121 Falcon** and **LP125 Gabriel**. Of these medium-sized ships, Nathalie is one of the most popular because it features a slide from the top deck. Slides have always been a big hit in any playground. At 90 cm high, all ages of children can participate and enjoy the exhilarating feeling of going down the slide.

The wobbly plank and other play activities

Besides the slide, Nathalie is also an item of play equipment filled with other play activities. In the bow you can look out for land through the telescope, which can tilt and turn. You can also raise the anchor or control the movable compass or balance on the wobbly plank. The spring under the plank adds an extra challenge and a fun element to the pirate ship. On the top deck you will find the ship's wheel, from where you can enjoy views across the playground or go down the slide.
