## A real pirate universe filled with fun

Victoria is one of the five big pirate ships in the Pirate series together with [LP310 Elisabeth](#), [LP311 Maria](#), [LP312 Juliane](#) and [LP315 Absalon](#). The ships of this size are a real pirate universe, boasting too many activities to list them all here. In addition to all the moving pieces which are found on the smaller pirate ships – ship's wheel, compass, anchor, rubber slats, telescope etc. – on the larger ships you can also play in the Captain's cabin. Here, you will find the treasure chest, dungeon, diamond panel, rubber slats, the movable crab and many other play activities.

There are big windows on each side of the aft cabin so that adults can keep an eye without disturbing the children engrossed in their play. The ships of this size also come with a large mast and the parrot, which really emphasises the design of the pirate ship.

## A pirate ship with a slide

The big pirate ships feature two aft decks, 90 cm and 140 cm high. On the upper aft deck is a lantern, which lights up in bright sunshine when light passes through the shockproof polycarbonate. It is also from here that you can go down the slide. The upper aft deck is accessed via the steps and the climbing wall panel, or by scaling the large climbing net at the stern. The large climbing net is very popular with children because it is great fun, but it is also good for their health and development. When children perform cross-body movements, it stimulates neural activity between both sides of the brain. The better the two sides of the brain work together, the easier it is to learn to read and write. You can read more about the four zones on the pirate ships and all the play activities [here](#).

## Specifications

**Order number**  
LP313G: In-ground mounting

**Product dimensions (LxWxH)**  
727 x 488 x 380 cm

**Area requirement incl. safety distances (LxW)**  
1026 x 738 cm

**Maximum fall height**  
140 cm

**Age recommendation**  
From 3 years

**Approximate installation time**  
2 persons 23 hours

## Why choose LEDON:

Danish design and production

Playground equipment developed in cooperation with children

Low maintenance playgrounds

Made with sustainable materials

EN1176 certified by TÜV

# LP313

## Victoria, large pirate ship with stairs and slide

Scale 1:100 (when printed in 100%)
