Why Choose Us?

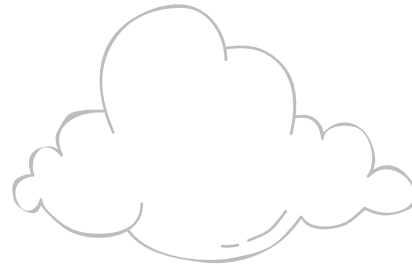

Online Playgrounds (formally Fenland Leisure Products) is a family run business who have been designing, manufacturing and installing our exciting, innovative and stimulating play equipment for over 30 years.

Our experience in working with schools means we understand your challenges and are able to help overcome them. We are happy to help you with any project, large or small, from updating existing equipment to brand new play areas for a range of budgets.

Innovative in-house design and manufacture

We work with you to ensure you get exactly the playground you are looking for using our in-house designers and skilled craftsmen. It is manufactured in our warehouse in Cambridgeshire to ensure the highest quality.

Guaranteed Quality

All our timber products are manufactured from Safalog™; an extra strong, long laminated timber beam. This provides a long lasting, low maintenance product guaranteed for 15 years. All steelwork is guaranteed for 15 years and surfacing for 5 years. This gives you peace of mind that not only are you investing in the here and now, but also the future.

Constant Point of Contact

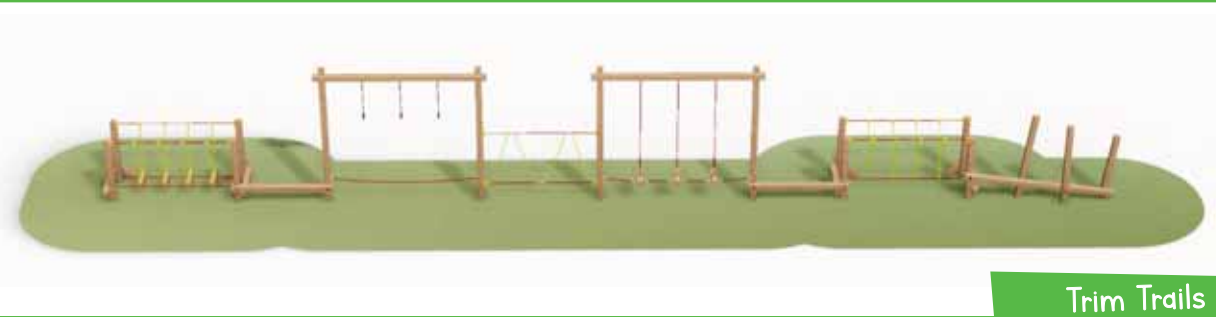

You will have one reliable point of contact the whole way through the process who will start by meeting you on site. They will help you with everything from design ideas, health & safety, installation and inspection all the way through to completion.

Maintenance, spares and repairs

All our playgrounds come with a 1 year free operational inspection. We also have a dedicated in-house maintenance team who can provide no obligation quotes on any type of playground. If you do your own inspections, then replacement parts for all major brands can be purchased from our website www.onlineplaygrounds.co.uk where we have thousands of in stock products available for next day delivery.

Sports Premium

Trim Trails

We are a leading manufacturer of children's trim trail equipment and have built up a reputation for trim trail structures that develop key skills of balance, dexterity, coordination and team building. We offer a selection of combined or bespoke trails designed to fit in with site requirements.

Our Ledon steel obstacle course is very versatile, as it can be configured in any direction, which makes it easy to incorporate into an existing playground.

The straight course is ideal if children want to compete, especially if you have two parallel courses.

Obstacle Course

Mini Gym

Our range of mini gym equipment is ideal for a school activity area. Packages can be created to suit any budget from single installations through to multi equipment areas and can be installed with a range of all weather ground protection surfaces.

Early Years Foundation Stage

Mud Kitchen

Role Play

Children of all ages enjoy messy fun. One of the best ways you can promote this type of sensory play and develop their imagination is with our Mud Kitchen.

Timber Tangle I

Physical Development

Inspired by the game 'Pick Up Sticks', this low level climber helps children develop their fine and gross motor skills, develop balance, core stability & strengthen their bodies.

Olivia Mini Play

Sensory & Motor Skills

10-12 children can have endless fun playing in the low level shop, improving their motor skills climbing up the sloping bridge or the sheer exhilaration of coming down the slide.

Key Stage 1

Guo Explore

Communication

Role-playing games are important for children's development, because when children assume different roles, it helps them to understand the outside world.

Long Boat

Imaginative Play

Really set the children's imagination going with this natural wooden playboat. It is double banked with rowing benches to seat make believe Vikings pulling oars on either side!

Galapagos Climbing Frame

Coordination

This compact climbing frame adds lots of enjoyment at break time without taking up too much space. Let KSI children explore the outdoors from the top of the Volcano!

Key Stage 2

Timber Tangle 2

Physical Activity

Our larger Timber Tangle climber suits a wide range of play area sizes. The ad hoc style means children can experience a different adventure every time they play.

The Heraldry

Group Play

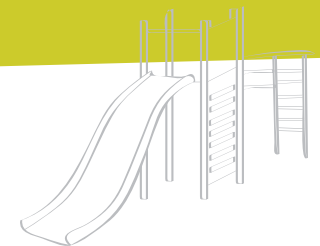

The Heraldry multiplay unit has platform heights of 1 and 2 metres. It has two climbing walls, pull up ramp, arched climber, hammock, bridge and a banister slide to make your escape. Perfect to inspire young knights.

Target Wall

Positive Competition

Our wooden Target Wall provides an extra twist to a traditional play wall with its integrated mini games, combining football goals and cricket stumps.

Outdoor Classrooms

Learning Wooden Classroom Shelter

Wooden outdoor classrooms are great for lessons in the sunshine, but also provide shade and shelter from the elements. Shelters come in various sizes, with a shingle roof.

Sensory Rainbow Shelter

The multi coloured roof on this standalone shelter will cast an ever-changing coloured shadow as the sun moves. Waterproof and supplied with gutters, it can collect rainwater for recycling.

Role Play Theatre

This wooden standalone outdoor playground theatre with stage and curtains will provide hours of creative fun and entertainment for budding young actors & actresses.

SEN

Mini Peaks

This series promotes balance and agility as well as helping to develop gross motor skills. Constructed from timber and clad with artificial grass, Treadsafe and recycled Stokbord, it provides a variety of sensory opportunities.

Eco Bongo Tree

The Eco Bongo Tree has three different sized bongo drums mounted around a central post. Constructed from HDPE mounting brackets, this product is easy to play with great sound tool.

Sensory Tunnel

The multicoloured sides provide visual stimulation and ever changing coloured shadows on the floor. All of this can help improve colour recognition.

Accessories

Furniture

Sleeper Bench

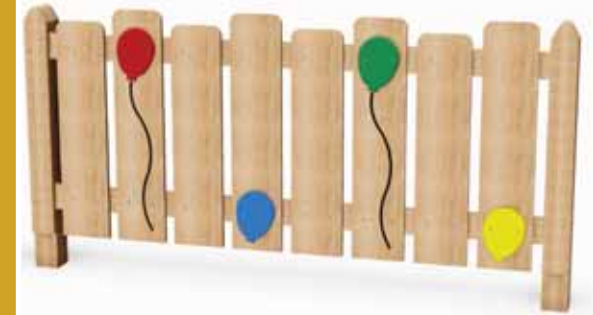

Our sleeper benches, which come in a range of sizes, are perfect for creating 'quiet' or 'sociable' zones where children can enjoy each other's company in the outdoors.

Nature

Box Planter

This square planter comes in a range of sizes and makes a fantastic addition to any school playground. Let the children take ownership and watch their seeds grow.

Fencing

Balloon Playground Fencing

Add some colour to your playground with our fun wooden balloon fencing, perfect for creating zones, whether by activity type or age.

Surfacing

Getting the right surfacing for your play area is key to its success. We can advise and install the best possible solution - from natural materials such as bark, wood chip or sand to a creatively designed all weather safety surface. They all have a five year guarantee and are certified to EN1177.

Wetpour

An impact absorbing rubber surface that can create a visually impressive and inviting play area.

Fibrefall

A bonded rubber mulch made from 100% recycled tyres providing an impact absorbant surface.

Artificial Grass

An all weather, low maintenance surface which provides an attractive and inviting place to play all year round.

Safagrass

An entry level matting surfacing system that the grass grows through blending in with the natural environment.
