

**Sustainable,**

**UK-manufactured,**

**High-quality timber equipment.**

## Why choose OLP?

- A family-run business in Cambridgeshire who have been designing, manufacturing and installing our exciting, innovative timber play equipment for over 30 years
- High safety standards — all our products comply with EN1176, EN1177 and EN16630
- In-house designers work with you from design to completion
- Our timber products are all manufactured on-site by skilled craftsman utilising the latest robotic technology
- We employ all our own installers to ensure our equipment is put in exactly the way it should be.

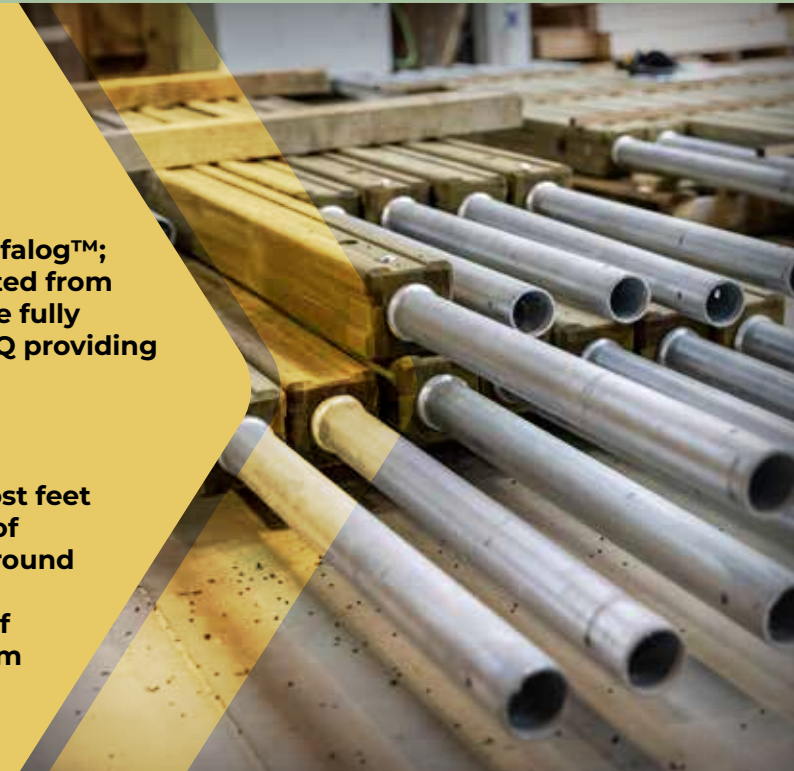

## Guaranteed quality

### Safalog

All our timber products are manufactured from Safalog™; an extra-strong, laminated timber beam constructed from FSC-certified slow-grown Bavarian softwood. Once fully machined our Safalog is pressure treated with ACQ providing a long-lasting, low-maintenance product.

### Steel post feet

All our timber equipment is installed with steel post feet as an extra precaution for the optimal protection of wooden structures against bacterial attack and ground rot. Made from hot-dipped galvanised steel these offer extra ground support and lengthen the life of your play equipment, as well as reducing long-term maintenance costs.

## Warranties

- Structural timbers — 15 years
- Ropes and nets — 2 years
- Installation (by OLP installers) — 2 years
- Moving parts — 2 years
- Sail shades, polycarbonate and timber roofs — 2 years

## Multiplays

Essential to any play area is a central focal point containing the elements to inspire and let imaginations run wild. Whether you are defending your Castle or enjoying nature in the Orchard we have something that will get young minds racing! Our extensive range offers something for all ages with different numbers of towers, platform heights and a multitude of diverse play features.

## Children's and Adult Fitness Trails

Fitness trails are a popular addition to any park. Not only are they great fun but the physical challenge they offer promotes self-esteem and an active lifestyle in both children and adults.

## Seesaws

"Seesaw Margery Daw" are words we have all grown up with playing in the playground. Our timber seesaws are great fun and enhance children's balance, co-ordination and social interaction skills.

## Swings

A main feature of every play area is a swing, whether toddler, junior or birds nest we can all remember growing up and playing on a swing. OLP have designed a range of traditional wooden swings built to last and fully compliant with EN1176.

## Cableway

Suitable for any flat or gently sloping area, our highly durable one-way laminated timber cableway adds a new dimension. The zipline provides the sensations of speed and exhilaration, perfect for the more adventurous, as well as teaching children to wait their turn as the cableway is always the most popular item on the playground!

## Climbing

Children of every age love a challenge and our range of climbers are designed to test their climbing skills and powers of concentration whilst promoting physical development, balance, social and motor skills.
